# Introduction

- In today's complex world businesses need to be agile, competitive, and up to date with the regulatory and statutory environment. Statutory requirements constantly undergo change and can be confusing, attracting multiple interpretations. GST, international trade and customs are growing in complexity and moving swiftly towards digitalisation. The revenue authorities are increasingly using artificial intelligence and data analytics to increase their level of scrutiny/investigations/audits of the assesses.
- Thus, there is a need to ensure complete and appropriate compliance with tax and regulatory requirements, while simultaneously adding value to all stakeholders through proper tax planning.
- Sharp & Tannan offers clients a broad range of tax services which combine insight and innovation with industry knowledge to aid businesses remain tax compliant as well as tax efficient.
