Services rendered – Tax litigation and representation

- Direct tax litigation is an unavoidable process when a taxpayer's income is computed and assessed by the revenue authorities. Appropriate litigation support, attendance before the counsel and a timely follow-up is necessary when a tax-payer is called upon by the tax authorities for assessment proceedings.
- We provide the tax litigation assistance to clients up to the highest jurisdictional authorities both in domestic and international taxation.
- Advance rulings is a comfort given by the Income-tax department, where an assessee seeks clarifications and an advance decision on the future transactions he intends to enter into. This is case-specific and a customised approach by the department to render ease of operation and a certain amount of clarity to the tax outcomes. We assist our clients in obtaining advance rulings, wherever necessary to avoid future litigation on crucial facts.
